COMP90051 StatML Project 1 Group Agreement

Canvas group: Group No 40 (**RAM**) Date: 30th August 2020

GOALS: What are our team goals for this project? What do we want to accomplish? What skills do we want to develop or refine?
  - Learn how to build ML model with higher accuracy. - Learn Pytorch and GNN and various other models. - Refine team collaboration skills. - Use various collaboration tools such as git hub/google colab/Zoom, etc.
EXPECTATIONS: What do we expect of one another in regard to attendance at meetings, participation, frequency of communication, the quality of work, etc.?
   - We expect each team member to contribute equally on the group work - Expected to goes to the meeting if there's one and if unable to goes to the meeting due to other obligations tell beforehand
POLICIES & PROCEDURES: What rules can we agree on to help us meet our goals and expectations?
  - Daily update on whatsapp group about progress for that day. - 5 min call every three day if someone stuck on any topic. - Weekly zoom video meeting to discuss code strategy and future plan.
CONSEQUENCES: How will we address non-performance in regard to these goals, expectations, policies and procedures? (Such as/including recording in peer self-assessment at end of project)
   - After a member did not follow the policies or procedure in 2~3 times then they will be given a strict warning and if there's no change the professor will be informed before the project deadline.

We share these goals and expectations, and agree to these policies, procedures, and consequences.
